AFML List Server Products Available for Subscription:

Title	*Description*
• 100% Consumable WRM Support	This program provides sourcing support for all medical War Reserve assemblages.
• 4A1X1 - Medical Materiel**	Chief's Corner: Information of interest to 4A1X1 personnel from the desk of CMSgt Allen G. Manning, Career Field Manager.
• 4A2X1 - Biomedical Equipment	Chief's Corner: Information of interest to 4A2X1 personsonel from the desk of CMSgt Gerald K. Benson , Career Field Manager.
• AFMLO Central Buys	This message provides instructions on AFMLO Central Buys for Multiple Delivery Addresses. The point of contact for this program is 1st Lt Scott Miller [Mailto:scott.miller@ft-detrick.af.mil]
• AFWCF/MDD INFORMATION	INFORMATION PERTAINING TO PROPER MANAGEMENT OF AFWCF/MDD
• Air Force Medical Contracting Information	Provides documents supporting Air Force Medical Service Contracting Information. Questions can be directed to 1st Lt Scott Miller, DSN 343-4168.
• Air Force Medical Logistics Letter (AFMLL)	The AFMLL is a specialized newsletter published by the Air Force Medical Logistics Office. The AFMLL is published monthly to provide medical logistics information to Air Force medical activities worldwide. Our mission is to ensure all Air Force medical treatment facilities receive the highest level of medical logistics support. In that regard, we solicit your articles for inclusion in the AFMLL to relay information for use by other activities. For additional information concerning this publication, call (301) 619-4182/DSN 343-4182 or write to the AIR FORCE MEDICAL LOGISTICS OFFICE/FOA, ATTN: Rita Miller, 1423 SULTAN DRIVE, SUITE 200, FORT DETRICK, MARYLAND 21702-5006. Articles may be faxed to (301) 619-2557 or DSN 343-2557, or e-mailed to: rhonda.conner@ft-detrick.af.mil
• Allowance Standard Alert Messages	Notification of critical changes to an Allowance Standard.

AFML List Server Products Available for Subscription:

Title	*Description*
• Focused Logistics Wargame (FLOW)	FLOW 01 is a Joint Staff J4 exercise to design and assess joint logistics doctrine, technological breakthroughs, and the desired operational capabilities needed to meet Joint Vision 2020 logistics challenges.
• Food and Drug Administration (FDA) Recalls/Alert Notices	FDA Medical Equipment Recalls and Alerts & FDA Drug/Supply Product Recalls and Medical Information
• Government Purchase Card Receipt Corrections	All accounts using MEDLOG must coordinated with their DFAS office on all GPC receipt reversals.
• Healthcare Technology Management	General information related to Clinical Equipment/Healtcare Technology Management.
• Homeland Defense Laboratory Response Team	O&M project for Homeland Defense Laboratory Response Team.
• Low Unit of Measure Support Initiative	Information is provided regarding obtaining contractor support for medical allowances that contain backpacks, medical bags, and other containers which require smaller units than commercially available.
• MDD Transportation Fund Cite**	Addresses the funding information required to ship MDD assets to their destination
• Medical Equipment Device Alerts	Notification of potential and substantiated medical equipment defects and recalls. This information is based on ECRI Health Device Alerts, FDA QA notices and Type I and III materiel complaints.
• Medical Equipment Management Office (MEMO)	Management of medical equipment, to include, requistioning, budgeting, inventory, etc.
• Medical Materiel (4A1X1) Training Supplement	The items listed on this page may be used to supplement upgrade, OJT, RSVP, or other local level training as deemed necessary. If you have questions and/or suggestions, please contact the 4A1X1 Career Field Manager.
• Other Procurement (OP) Information	Information on the Other Procurement (OP) Program

AFML List Server Products Available for Subscription:

Title	*Description*
• Production Plan**	FY02 Production Plan
• Quality Assurance Messages (Air Force)	This message pertains to Medical Quality Assurance Information pertinent to Air Force Only
• Real Property Maintenance Activity (RPMA)	Guidance to manage facility program.
• Requisition Priorities and Force Activity Designators**	Invalid use of requisition priority 01 and 02 caused by invalid Force Activity Designators loaded into MEDLOG
• Shelf Life Extension Program (SLEP) Relabeling	Provides details on the Food and Drug Administration Mandate to afix new labels, with matching color and text, to all items extended within the SLEP.
• Shelf Life Extension Relabeling - Shipment 1	Provides Policy and Instructions for relabeling Shelf Life Extension Program items. Questions can be directed to Maj Kevin Pilloud (343-4083), 1st Lt Scott Miller (343-4168), Mrs Charlotte Christian (343-4164) or Mrs Jackie Snoots (343-4162).
• Shelf Life Extention Program (SLEP)	Shelf Life Extention Program (SLEP)
• SLEP Relabeling Shipment 2	Provides a series of spreadsheets showing the Lot#/SSN and quantities distributed for the second shipment.
• SPEARR Trailer Information	Photos, documents, and any related materiel regarding the SPEARR Trailer.
• TO-00-35A-39 Medical First Aid Kits	Instructions for Procurement, Issue, Use and Maintenance of Medical Kits
• Tracking of Potential Excess Materiel in WRM**	The Business Analysis branch at AFMLO has been tasked to identify and track potential excess materiel in WRM
• Tri-Service Medical Excess Distribution System (TRIMEDS)**	The new Tri-Service Medical Excess Distribution System (TRIMEDS) is replacing the Air Force Medical Excess Distribution System (AFMEDS). These modifications are being made to allow DMLSS users to report and request medical excess from one central point regardless of the branch of service.
• VA Status Sheets**	The spreadsheets below show status on all MIPRs sent to VASS.
• Vaccination Program	Air Force Medical Logistics Office Vaccination Program. Provides pertinent information on the Vaccination Procurement and Distribution.
• VASS Facility Maintenance and Repair Contracts**	VA Facilities Contracts

AFMLO Strategic Plan *"Roadmap to 2005"*

Business Plan

AFMSA/SGSL Org Chart

HISTORY

AFMLO:
The history of AFMLO began with the issuance of a joint Army/Air force Adjustment Regulation on 21 August 1949 as the Air Force Review and Liaison Office. In December 1953, the agency was renamed the Air Force Medical Requirements and Stock Control Office, and was collocated with the Army Services Medical Procurement Agency (ASMPA) in Brooklyn, New York. On 1 April 1957, the name changed to USAF Medical Materiel Field Office (AFMMFO) and on 25 June 1965, moved to the Valley Forge General Hospital (Army), in Phoenixville, Pennsylvania. In June 1974, AFMMFO moved to its present location. On 1 January 1984, the name was changed to its current name to reflect its wider involvement in the many aspects of medical logistics.

AFMSA:
Established as the Air Force Medical Service Center, and activated as a separate operating agency, on July 1, 1978. Redesignated Air Force Office of Medical Support on July 1, 1985. Effective February 5, 1991, status changed from a separate operating agency to a field operating agency. Redesignated Air Force Medical Support Agency on July 1, 1992.

Air Force Medical Logistics Letter (AFMLL) 2004

The AFMLL is a specialized newsletter published by the Air Force Medical Support Agency (AFMSA/SGSL). The AFMLL is published monthly to provide medical logistics information to Air Force medical activities worldwide. Our mission is to ensure all Air Force medical treatment facilities receive the highest level of medical logistics support. In that regard, we solicit your articles for inclusion in the AFMLL to relay information for use by other activities. For additional information concerning this publication, call (301) 619-4182/DSN 343-4182 or write to the AIR FORCE MEDICAL SUPPORT AGENCY (SGSL), ATTN: Rhonda Conner, 1423 SULTAN DRIVE, SUITE 200, FORT DETRICK, MARYLAND 21702-5006. Articles may be faxed to (301) 619-2557 or DSN 343-2557, or e-mailed to: rhonda.conner@ft-detrick.af.mil

The Air Force Medical Logistics Letter

Leading Focused, Full Spectrum, Integrated Logistics - Worldwide

AFMLL 06-2004 **June 2004**

In This Issue:

Medical Materiel

- From the Deputy Log Chief
- Medical Logistics Symposium Registration
- Calculating Self-Administered War Reserve Materiel (WRM) Biological Warfare/Chemical Warfare (BW/CW) Antidote Revisions
- Chemical Biological Defense Report (CBDRT) Measured Unit Reporting Requirements
- Modification of Frequency Converters
- DMLSS Purchase Card Adjustments (PCA)
- Prime Vendor Summary Receipt

From the Deputy Log Chief

Medical Logistics Officer Training

The last week of May, the Integrated Forecast Board (IFB) met to determine which MSC educational opportunities are approved and funded for Summer 2005. While not yet formally approved by the IFB, nor signed by the AF/SG, it looks as though Medical Logistics will be funded for four to six Medical Logistics Internship positions and an Education with Industry (EWI) with Federal Express (FedEx).

The Medical Logistics Internships have been around for a while. In the early 1970s, a requirement existed for a program to provide on-the-job medical materiel training for selected Medical Service Corps (MSC) officers. Although all new MSC officers completed the Basic Health Services Administration Course prior to their initial duty assignment, the short 11-week course could not provide the detailed training needed to manage a complex medical material account. As a result, an internship program was established and new materiel officers were assigned to existing medical materiel activities for one year as an intern. Since this beginning, the internship program has been continually revised and improved. The program objective is to train as many new Loggies as possible on the complexity of Medical Logistics operations. Unfortunately, funding constraints have restricted the availability of these opportunities. In the past, we were able to consistently receive six funded slots. In recent years, we have been limited to four. We consistently push for greater funding to provide this opportunity to more Log officers prior to

Frequently Asked Questions

If this is a general military question please refer to the Department of Defense Frequently Asked Questions Page.
If your question is a general Air Force question, then check out the Air Force Frequently Asked Questions Page.
If your question relates specifically to Air Force Medical Logistics, please see the question categories below.

- Allowance Standards
- Anthrax Vaccine Program
- Cargo Management
- DBPAs
- DNA
- ECAT Program
- Excess
- Facilities Management
- IMPAC
- Laboratory Response Team
- Patient Movement Item
- Prime Vendor
- Quality Assurance
- SDRs
- Shelf Life Extension Program
- VA Equipment FSS Catalogs
- Vaccine Program

My Question is not in the above categories. Ask AFMSA/SGSL

Send mail to sgsli@ft-detrick.af.mil with questions or comments about this web site.

MEDICAL WAR RESERVE MATERIEL (WRM) PROJECTS

Report Date: 26 Jul 2004 09:59 EST

Last Updated On: 15 Jul 2004

Medical facilities assigned any of these WRM Projects by the USAF Medical Resources Tasking Letter, will use the corresponding project allowed man-hours listed below to determine total required WRM man-hours.

Project Code	UTC	AS	Project Title	Monthly Man-Hours	Name
	PACAF1	0R01	Bed Expansion	0.00	
			WRM Code: N1		
	FFEES	885A	Hospital Surgical Expansion Package (HSEP)	198.73	
			WRM Code: D3 D4 DA		
	FFEEW	885B	Hospital Medical Expansion Package (HMEP)	120.71	
			WRM Code: D2 DC DD DE DF		
	FFESR	885C	Hospital Surgical Expansion Package (HSEP) Resupply	103.76	
			WRM Code: D0 D1 DB		
	FFEWR	885D	Hospital Medical Expansion Package (HMEP) Resupply	42.57	
			WRM Code: DG DH DI DJ		
	FFCPE	885E	Collectively Protected Hospital Surigical Expansion Package	13.40	
			WRM Code: CY CZ		
	FFCPF	885F	Collectively Protected Hospital Medical Expansion Package	25.50	
			WRM Code: CU CV CW CX		
	FFABE1	885G	25-Bed Hospital Expansion Basic	0.00	
			WRM Code: D5		
	FFABE2	885H	25-Bed Hospital Expansion Augmentation	0.00	
			WRM Code: D6 D7 D8		
	HLD0001	886A	Home Station Response - In Place Patient Decon Capability (IPPDC)	0.00	
			WRM Code: 1C 1D 1F		
	HLD0002	886B	Home Station Response - Laboratory Response Team (LRT)	0.00	
			WRM Code: 1B 1E 1L		
	HLD0003	886C	Home Station Response - Immediate Response	0.00	
			WRM Code: 1I 1J 1K 1O		
	HLD0004	886D	Home Station Response - Inpatient Medical Follow-On	0.00	
			WRM Code: 1M 1N 1T 1U

Medical Equipment Device Alerts

Notification of potential and substantiated medical equipment defects and recalls. This information is based on ECRI Health Device Alerts, FDA QA notices and Type I and III materiel complaints.

To receive notification of new articles when they are posted to this page, register on our list server for topic: Medical Equipment Device Alerts

NEW Indicates posted within last 10 days

Title	Size	Synopsis
MMQC 04-1196 ARJO Alenti Lift Hygiene Chair NEW	30 kb	FDA HAS ISSUED A CLASS I RECALL FOR THE FOLLOWING MEDICAL MATERIEL. REASON: TIPPING PROBLEMS COULD RESULT IN SERIOUS PATIENT INJURY. Please review the attached document, review your inventory and take the appropriate actions. This is an update to DSCP 04-113. POC: MSgt Dan Hoffart, DSN: 343-8023, Email: daniel.hoffart@ft-detrick.af.mil
MMQC 04-1139 Burton Medical Surgical Lights	27 kb	DSCP has received a Medical Materiel Complaint on the Burton Medical Surgical Lights REASON: There may be a problem with the connectors (in the lamp head) not being crimped properly causing a breakdown of the insulation exposing the wires and posing a safety hazard. Burton Medical states that they had a safety note which went out to dealers and distributors of these lights. This is an update to DSCP Alert 04-085. Please review the attached document, check your inventories for this product and take the appropriate actions. POC: MSgt Dan Hoffart, DSN 343-8023, Email: daniel.hoffart@ft-detrick.af.mil
MMQC 04-1134 Medtronic Lithium Sulfur Dioxide Batteries	33 kb	Medtronic Physio-Control is voluntarily recalling their lithium sulfur dioxide batteries. REASON: Battery malfunction due to battery cell rupture. This is an update to DSCP Alert 04-081 and Medtronic Urgent Medical Recall dated April 2004. Please check your inventories for this product and take the appropriate actions. POC: MSgt Dan Hoffart, DSN: 343-8023, Email: daniel.hoffart@ft-detrick.af.mil
mmqc 04-1138 Aestiva Anesthesia System	37 kb	DATEX-OHMEDA is voluntarily performing field corrections for their Aestiva Anesthesia Systems. REASON: Ventilator gas supply hose may develop a significant leak or become disconnected. Internal ventilator gas supply hose may not be securely crimped. This is an update to MMQC messages 04-1130 and 04-1040. Please review the attached document and take the appropriate actions. POC: MSgt Dan Hoffart, DSN: 343-8023, Email: daniel.hoffart@ft-detrick.af.mil
MMQC 04-1130 Type I Alert on Datex-Ohmeda ADU S5	30 kb	A Type I Medical Material report has been initiated for the following device: Datex-Ohmeda Anesthesia Delivery Unit, Model S5. REASON: Anesthesia machine malfunction, vaporizer failure, and loss of ventilator function. This serves as an update and continuation of MMQC alert 04-1040. Please review the attached document and take the

Performance Work Statements (PWS)

AFMSA/SGSLC is the established point of contact for the Air Force Medical Service for medical contracting policy and for formulation of PWSs for contracted medical requirements. After downloading one of the PWSs, and properly formatting to your specific requirement(s), as well as complying with current AFI63-124 guidance, you should forward your completed package to AFMSA/SGSLC Suite 200, 1423 Sultan Drive, Ft. Detrick, MD 21702-5006, for our review and approval prior to your taking the package to your Base Contracting Office, the VASS or any other contracting activity. If you have any questions please contact the Contract Analysts at DSN 343-8077 or DSN 343-8074, Commercial (301) 619-8077 or -8074, FAX (301) 619-6844/6842.

To receive notification of new articles when they are posted to this page, register on our list server for topic: Performance Work Statements (PWS)

NEW Indicates posted within last 10 days

Title	Size	Synopsis
A Noncompete Provision for Performance Work Statements	24 kb	This provision should be used in the Request for Quotations or Proposals when hiring healthcare workers. Please make sure your contracting office is aware of this provision and includes it in the RFQ or RFP.
Administrative Assistant Clerks	181 kb	This PWS was drafted by Keesler AFB and is provided as a sample which can be adapted to meet your specific MTF needs.
Adult Peds Clerks	187 kb	This PWS was drafted by Keesler AFB and is provided as a sample which can be adapted to meet your specific MTF needs.
Adult Peds Ward Nurse	200 kb	This PWS was drafted by Keesler AFB and is provided as a sample which can be adapted to meet your specific MTF needs.
Anesthesiologist	207 kb	This PWS was drafted by Keesler AFB and is provided as a sample which can be adapted to meet your specific MTF needs.
Cardiac Catheterization Lab Technician	199 kb	This PWS was drafted by Keesler AFB and is provided as a sample which can be adapted to meet your specific MTF needs.
Cardiac Surgery Technician	186 kb	This PWS was drafted by Keesler AFB and is provided as a sample which can be adapted to meet your specific MTF needs.
Cardiology Clinic Nurse	204 kb	This PWS was drafted by Keesler AFB and is provided as a sample which can be adapted to meet your specific MTF needs.
Cardiology Interventionalist	68 kb	This PWS was drafted by Keesler AFB and is provided as a sample which can be adapted to meet your specific MTF needs.

Training and Education

rovides information on using VASS and executing under specialized contracts. Specialized contracts are typically Multiple Award and are competed for each task rder.

EW Indicates posted within last 10 days

itle	Size	Synopsis
anket Determination & Finding for AFMLO/VASS	417 kb	This waiver includes medical equipment and services. Facility Modernization and Restoration is included if the building is used for direct patient care. A building used exclusively for administrative purposes will still require the D&F approved by local contracting activity before the MIPR can be sent to VASS. This waiver is effective through 30 Sep 04. We are working with SAF/AQ to improve contracting support of the medical commodity. We will re-evaluate the need for an extension of the waiver towards the end of the fiscal year. SAF/AQ has sent information of this waiver to all contracting activities. We have included a copy of the signed waiver and have posted it to the AFMLO web site as well. This only applies to MIPRs being sent to VASS, any other outside agency will still require the base contracting activity to approve the D&F. POC on this matter is Lt Col Sandra Madaris AFMSA/SGSLC DSN 343-4083, Capt Chris Estridge at DSN 343-4168 or Joanne Keyser DSN 343-8077.
IPRs for Future Year Service Contracts	252 kb	Explains the process of requesting Services for Future Years.
ASS Customer Handbook	2002 kb	The AFMLO/VASS Handbook has been totally updated. More than just an instruction manual, it provides real training on concepts of federal acquisition, a glossary of terms, and a step by step explanation of why contracting offices do the things they do. This handbook will be periodically updated as new services come on line. Plans include a step by step guide to assembling service contract requests, construction requests, and quality assurance activities.

NEW Indicates posted within last 10 days

Title	Size	Synopsis
SORTS CBDRT MAP Reporting	151 kb	A business objects report has been created to assist you in preparing SORTS CBDRT. An article outlining the specifics of this report will appear in the June 2004 AFMLL. This report queries the Materiel Availability Percentage (MAP) for Medical Detection Equipment, Medical Decontamination Equipment, Medical Radiac Equipment and Medical Collective Protection. If you do not have auto-refresh active you must refresh the report upon opening. This report must be downloaded and opended from the DMLSS/Business Objects application. You cannot open the report by "double clicking" the actual report. Any questions you have can be directed to TSgt Susan Tow, DSN 343-4172.
*NEW--Manual EOM Processing Policy	1216 kb	Attached is new policy guidance from Col Cooper informing all DMLSS 3.0 sites that processing a manual End of Month (EOM) is no longer authorized at the base level. All problems associated with the EOM process must be directed to the MHS Helpdesk (800-600-9332) for resolution. Questions regarding this policy can be directed to MSgt Rick Marion, DSN 343-8747.
Purchase Card Adjustments (PCA) in DMLSS	4673 kb	Part of the development requirements for the DMLSS purchase card module was to create an avenue for users to process price adjustments for unknown shipping charges. The Purchase Card Adjustment (PCA) transaction is the result of this requirement. A PCA is generated during the PC reconciliation process when the "Order Total" does not equal the "Statement Amount". The attached step-by-steps walk users through the PCA adjustment process. An article in the June 04 AFMLL will outline some of the issues associated with the PCA action in DMLSS. Questions can be directed to TSgt Jeff Barnes, DSN 343-4186.
EOFY Project/Expense Center Procedures checklist 2	15 kb	Procedures for updating project and expense center information associated with EOFY. There is also a checklist found under EOFY Project/Expense Center Procedures checklist 2.
EOFY Project/Expense Center Procedures 1	667 kb	Procedures for updating project and expense center information associated with EOFY. Remember, that this must be done before the last EOD. The last EOD of the FY will automatically process the monthly and EOFY processes. There is also a checklist found under EOFY Project/Expense Center Procedures checklist 2.

HQ AFMSA/SGSL

WHATEVER IT TAKES

Welcome to the Air Force DMLSS Deployment Team Web Site

Air Force Sites Completed	Percent Completed	Percent of 4A1's assigned to bases with DMLSS 3.x *	Percent of 4A2's assigned to bases with DMLSS 3.x *
49	60.49	76.82	81.11
*4A1/4A2 info calculated using data collected from 4A1/4A2 Career Field Managers			

- **Attention Viewers** – Welcome to the latest DMLSS Deployment team website. Although information available here is very similar to information available on our old website, a good point to consider when navigating through this website is use of the 'back' button.

- **Document Selection** - When selection is made to view a document, users must remember that selecting the close 'X' (upper right corner of screen) not only closes the displayed document, it terminates your internet session. The reason for this stems from the fact that when you click on an item within this website, a new window or page is not opened; instead the actual document (native version or HTML version) is displayed.

- **Session Termination** - Inadvertently selecting the upper 'X' button will terminate your session; use the back button to navigate through the site instead.

Other Notables:

► Navigation links are located at the top of the page; these links allow navigation to other DMLSS pages such as the Business Objects Cookbook.
